ABOUT ANDREW

Andrew Guillen joined Bender Insurance Solutions in October 2026 as a Commercial Insurance Producer focused on California manufacturers. Born and raised in Folsom, Andrew earned his Bachelor of Science in Business Administration with a concentration in Finance and a minor in Economics from Saint Mary's College of California.

Before joining Bender, Andrew spent four years with Nestlé in finance roles across manufacturing, supply chain, and brand finance. Working closely with operations teams gave him firsthand insight into the challenges manufacturers face and ultimately inspired his move into commercial insurance.

At Bender, Andrew is focused on building relationships with California manufacturers and helping them better understand and manage their risks. His approach is simple: take the time to understand the business, provide thoughtful solutions, and become a trusted partner clients can count on.

Outside of work, Andrew enjoys fishing, hiking, cooking, teaching himself to code, and playing video games with friends. He is also passionate about supporting the Leukemia & Lymphoma Society and looks forward to becoming more involved with the Sacramento-area chapter.
