### BIOGRAPHY

Debbie grew up on the beaches of Southern California and began her working career at age 14 helping in her mother's print shop, figure bowling sheets for leagues at nine bowling alleys, hence, developing her passion for accounting. When she relocated to the Sacramento area in 1977 she worked for the San Juan Unified School District and felt privileged to be able to help set up the "Latch Key Program" for after school child care.

She later was given the opportunity to make a career change to the insurance industry where she has spent the last 35+ years specializing in Employee Benefits. Her passion to help clients while working for Mitterholzer & Associates for 22 years ultimately led her to her current position as a Servicing Account Executive, Member Service Specialist, as well as a Chartered Benefits Consultant (CBC) with Bender Insurance Solutions.

Debbie resides in Rescue, CA with her husband, Larry, and their Silver Lab, Dus-Tee. She also continues to assist Larry in his business, Gold River Construction. They enjoy camping and traveling with their children and grandchildren as well as leisure time on their property with the ranch animals.
