BIOGRAPHY

Dona Lisa began her career as a financial planner with life insurance and Series 7 securities licenses. Two years later, she switched from stocks and bonds to surety bonds and never looked back.

Dona Lisa brings 35+ years of surety experience to Bender Insurance Solutions. She believes, "some of our biggest benefits to our clients are guidance, relationship-building, and ultimately, maximization of their surety credit". Her book of business includes general contractors, specialty contractors, developers, and some miscellaneous non-contract accounts.

Active in the industry, Dona Lisa helped develop the first ACORD Surety Standards and remains an advocate for their implementation. Along with her work with the National Association of Women in Construction, Dona Lisa actively serves on the

Board of Directors for both Sacramento and Northern Nevada Chapters of CFMA (Construction Management Association) and is a member of the Women in Construction Committee for the AGC of Nevada (Association of General Contractors).

Dona Lisa also volunteers in her community and has been recognized as a Boy Scouts of America Silver Bear and Silver Beaver recipient and Foothill High School Parent of the Year.

Dona Lisa lives in Lincoln with her husband. They have four children, plus two grandsons and one granddaughter. Dona Lisa enjoys spending time with family, golfing, traveling, hiking and other activities in the great outdoors.
