BIOGRAPHY

Born and raised on the central coast of California with almost two decades of experience, Jesse started his insurance career with a captive agency in a customer service role. While working there, Jesse was able to gain insurance knowledge and provide clients with exceptional customer service. He was able to work his way up to a different roles and fell in love with being an Account Executive. Since joining Bender Insurance Solutions in 2019, Jesse has been able to focus that passion towards growing the Personal Lines Department.

As a Personal Lines Account Executive, Jesse is able to assist clients with looking for the proper coverages to protect their assets and lifestyle. Jesse helps clients with their autos, homes, umbrellas, rental properties, motorcycles and watercrafts. He especially loves to work with new home buyers as he's able to educate them on coverages the policy will include and is more than happy to answer the many questions they have.

Jesse lives in Roseville, CA with his wife and three daughters. He enjoys grilling and cooking for friends and family, working out and watching football while cheering on his beloved Raiders.
