### BIOGRAPHY

Rick was born and raised in Roseville and went to Oakmont High School. Rick worked for several years in the insurance industry, beginning with his family-owned agency started by his grandfather. Rick also spent some time at Wells Fargo Insurance before making the transition back to his grandfather's agency and then, eventually, into the hospitality industry as a craft bartender.

Rick joined Bender Insurance Solutions in January of 2019 as a Certificate Service Representative. Bender is a wonderful company to work for due to the opportunity for growth, their family-oriented business structure and reputation for excellence they have shown in this industry for over 80 years.

Rick currently lives in Roseville. He spends any spare time he has with his young son, Isaiah, but also enjoys going to the gym, running with his dog, traveling and attending professional sporting events.
