BIOGRAPHY

Paula is a native of Roseville, CA. She holds a Bachelor Of Arts in Elementary Education and has enjoyed a career teaching elementary aged students in the public schools for over 12 years.

With a growing interest in her husband's work, Paula changed her focus to the insurance industry and began working in the Employee Benefits Department in August 2015.

She uses her strengths in auditing and enjoys the opportunity to be part of a growing, thriving team that supports employers in the Greater Sacramento area and beyond.

In her free time, Paula enjoys weekly volunteering at a local food bank, bible study, and walking/hiking, especially near the ocean. She also enjoys spending time with her husband, Chris, her son, Caleb and extended family and friends.
