### BIOGRAPHY

Kathy joined Bender Insurance Solutions in September of 2018 as an Account Manager in the Benefits Department. Prior to joining the team, she worked as a Benefits Administrator for a large employer group.

As an Account Manager, Kathy provides support to the Benefit Department in the servicing of small to large employee benefit accounts. She is responsible for performing duties related to facilitating changes, account marketing, coverage and exposure evaluation; day-to-day servicing and ensuring the client's service requirements are met.

She is thrilled to bring her knowledge and experience of employee benefits administration from the employer perspective to the team. She is very happy to work with a great group of people who share her desire to help and protect others.

Kathy resides in Lincoln, CA with her husband, Boomer, and three sons, Jonathan, Caleb and Jaxson. When she is not running her boys back and forth to soccer and baseball practices, she enjoys visiting her home town of South Lake Tahoe, CA, and watching Disney movies with her boys.
