ABOUT EDWARD

Edward began his career in banking, gradually progressing to the position of managing a sales force of 35 individuals. After surviving multiple mergers and not wishing to relocate out of state, Edward sought a local opportunity for further professional growth. Thus, after 8 years in the banking industry, he transitioned to the Insurance Industry, joining Bender Insurance Solutions in 2003.

Initially focused on Surety as an Account Executive in the Surety Department, Edward swiftly assumed broader responsibilities at BIS. Through diligent efforts, he eventually ascended to the role of VP Construction Risk, overseeing all lines of insurance and surety requirements for his construction clientele. In addition to spearheading the agency's construction division, Edward also serves as a member of the board of directors at BIS.

Edward resides in Auburn, CA, where he enjoys living above the fog and below the snow. He cherishes every moment spent with his wife of 24 years, Martha, along with their 3 children and 4 grandchildren. Outside of work, Edward takes pleasure in relishing good food and beverages. He also finds delight in his garage tinkering activities and nurturing his burgeoning Bonsai collection.
