ABOUT MAGGIE

Maggie Bender-Johnson serves as the President and CEO of Bender Insurance Solutions, proudly leading the thriving and 100% employee-owned insurance and risk management brokerage. With over 18 years of dedicated service, Maggie played a crucial role in the firm's decision to transition to a 100% employee-owned model in 2018. Demonstrating a commitment to community and professional involvement, Maggie actively participates in local organizations and associations, including the Capital Region Family Business Center (as Board President and founding family member), and various esteemed boards and groups.

Driven by a passion for giving back, Maggie remains deeply connected to her community and eagerly anticipates future opportunities to contribute. Embracing the BIS culture of continuous improvement, Maggie has diligently pursued her education, earning a Bachelor of Arts degree from the University of San Francisco, a Master of Business Administration degree from California State University Sacramento, and achieving professional designations as a Certified Insurance Counselor (CIC) and Management Liability Insurance Specialist (MLIS).

Residing in Nevada County with her husband Fergus, who serves as a Sacramento City Firefighter and Attorney, Maggie cherishes quality time with her family, friends, and four dogs: Fonzie, Chewbacca, Lando, and Worf. Additionally, she finds joy in gardening, property work, hiking, travel, vegetarian living, and all things "Sci Fi."

For more information, please feel free to contact Maggie directly or visit her LinkedIn profile.
