ABOUT SAÚL

Saúl was born in Tijuana, Mexico and raised in San Diego, California. He attended the University of Redlands where he completed his Bachelor of Science in Global Business and Master of Business Administration.

Saúl joined Bender Insurance Solutions in 2021 specializing in California Workers' Compensation claims. He has over ten years of experience working as a Senior Workers' Compensation Claims Examiner for carriers/third-party administrators and as a Claims Consultant for a national insurance brokerage firm.

During his tenure he specialized in handling accounts in the agriculture, healthcare, and construction industries. Saúl strives to provide support and advocacy for his clients while navigating the complex and ever-changing California Workers' Compensation landscape.

Saúl relocated from San Diego, California, to Portland, Oregon, in May of 2021. A year after his move he started playing tennis and now is preparing to play his first amateur tournament. Through tennis, Saúl came across Portland Tennis & Education (PT&E) in Portland where volunteers once a week and joined the Executive Board of Directors. PT&E is a nonprofit organization offering academic support, tennis and athletic enrichment, life skills and mental health support, and family resources to K - 12th grade students through after school and summer programming. Saúl enjoys a nice glass of wine (currently into Rose), good food, and exploring new places.
